

# Plan With Confidence

## 24/7 Patient Prescription Pickup

No matter if you're a central filling operation processing 80,000 prescriptions per shift, a hospital filling its ward pharmacies, or a retail pharmacy handling 500 customers daily, every RoboPharma design delivers positive, measurable results.

| Benefit                    | Every RoboPharma Design Delivers   |
|----------------------------|--|
| <i>Speed</i>               | Unmatched by any other robotic processing system                                   |
| <i>Deep Savings</i>        | In labor, energy, and time   |
| <i>Exacting Precision</i>  | Assurance that every order is correct  |
| <i>Space Utilization</i>   | Every m <sup>2</sup> used efficiently in your available space                      |
| <i>Customization Build</i> | To suit your business plan, easily expandable in the future as your business grows |
