

Financial Controller (32 to 40 hours a week)

Would you like to contribute to the further structuring and design of the financial department within a growing organization? In an informal company where there is real attention for the employees? Then we are looking for you!

Position

As a Financial Controller at RoboPharma in Waalwijk, part of Capsa Healthcare, you are not only responsible for the controller tasks such as preparing the monthly figures and the month-end closing, but also for the operational management of the administrative employees who can contact you with all their questions. . In addition, activities such as VAT returns, payroll tax payments and sales invoices are also part of your range of duties. You have many contacts with others within the organization to get the right input for the reports. This makes your work extra varied.

Together with the Financial Manager, you oversee everything in the field of finance and you contribute ideas about standardization and structure in our dynamic organization, such as setting up, implementing and continuing to improve the monthly reporting structure. You can certainly share your good ideas and are appreciated. You become part of a larger whole, but you will work within a close-knit team.

Responsibilities

Due to the growing size of our organization, it is important to carry out a professionalization process. The partnership with Capsa Healthcare accelerates this process. This new position was therefore created to make this move together with the Financial Manager. Together you are responsible for:

- Checking and analyzing the bookings within the entire financial administration;
- The further development and preparation of accurate monthly financial reports and analyses;
- Improving administrative organization and internal control;
- Monitoring risks, liquidity and working capital;
- Supervise internal cost settlements, VAT returns, budgeting, annual accounts and multi-year planning;
- Requested and unsolicited supply of decision support/management advice and improvement proposals;
- Operational management of administrative employees;
- Provide support with the annual accounts process.

What do we offer?

- An independent, versatile and responsible position in an ambitious and enterprising company with excellent opportunities to further develop yourself. Due to the different processes and people you work with, really no day is the same;
- An informal, no-nonsense work environment where results count, but above all where there is also respect for each other and a good, warm atmosphere;
- Fun moments with colleagues, such as fresh soup in the canteen every week, Friday afternoon drinks, annual BBQ and, if you want, a game of table tennis during the break;
- Access to a laptop and smartphone;
- A very good pension scheme, a travel allowance and 8% holiday allowance;
- Excellent other employment conditions, including a salary that matches your work and thinking level and experience;
- An annual contract with the intention of conversion to an indefinite period.

What do we ask?

- You have a HBO / WO work and thinking level, preferably a completed HBO education in the financial direction Accountancy or Business Economics;

- In addition, you have at least 8 to 10 years of recent relevant work experience, preferably gained in the business world. Experience in a technical environment is a plus;
- You can enthuse people, you have excellent communication and social skills. You are hands-on, independent, proactive and solution-oriented;
- Finally, you are internationally oriented and you have a very good command of the Dutch and English language.

Company profile

RoboPharma is known for innovative, customer-oriented systems and service in the field of pharmacy automation. We are the market leader in the Netherlands and are successfully expanding in other parts of the world. The products distinguish themselves on accuracy, speed and reliability. RoboPharma is part of Capsa Healthcare from Columbus USA, an international, dynamic and growing company.

Assessment and coaching

Do you also strive for a sustainable employment relationship and personal development? We are happy to invest in an assessment in which an external specialist can see how well you fit in with us, and what you need to show your talents. In addition, we have a number of coaches who can help you design and follow the steps you want to take.

Interested?

If the above sounds interesting, we would like to talk to you to see if your wishes and ambitions match the possibilities within our organization. We would like to receive your CV and motivation letter at sollicitatie@robopharma.com.

For questions or more information, you can call Karin van Roij, 06-30374207.

Acquisition in response to this vacancy is not appreciated.
